

# Weiming Hu

Department of Geography  
Institute for Computational and Data Sciences  
The Pennsylvania State University  
205 Walker Building, University Park, PA, 16802, U.S.A.  
weiming@psu.edu  
<https://weiming-hu.github.io/>

## CURRENT POSITION AND RESEARCH FOCI

---

*Ph.D. Candidate.* Development and application of Artificial Intelligence, Machine Learning and High Performance Computing methods for ensemble weather forecasting and uncertainty quantification for renewable energy.

Proficient in C++, Python and R programming, with emphasis on parallel computing at scale (OpenMP and OpenMPI) using supercomputers (Cheyenne, Summit, Wrangler, Penn State Roar).

## EDUCATION

---

**Ph.D. in Geography with Minor in Computer Science** 2021 (expected)  
The Pennsylvania State University  
University Park, U.S.A.

*Thesis: Uncertainty Quantification for Photovoltaic Energy Production Using Analog Ensemble*

**M.Sc. in Geography** 2018  
The Pennsylvania State University  
University Park, U.S.A.

*Thesis: Short-Term Temperature Prediction Using Adaptive Computing on Dynamic Scales*

**B.Eng. in Remote Sensing and Geoinformatics** 2016  
Wuhan University, China

## RESEARCH EXPERIENCES

---

### Arctic in Hot Water

*Quantifying Maritime Transport under Declining Sea Ice and Increasing Geopolitical Tension* 2020 - Present

- Sponsor: Center for Security Research and Education, Pennsylvania State University.
- Objectives: Using machine learning to quantify linkages between changing sea ice coverage and maritime traffic in the Arctic Ocean, and to assess recent and future changes in Arctic maritime traffic with Earth system models.
- Responsibilities: Evaluation of Earth system model simulation for its applicability in Arctic maritime traffic projection and implementation of a machine learning algorithm for maritime traffic simulation and forecast.

### Wind Resource Assessment with Analog Ensemble

*Offshore Wind Resource Assessment for California Pacific Outer Continental Shelf* 2019 - Present

- Sponsor: Bureau of Ocean Energy Management of U.S.A.
- Objectives: Presenting a state-of-art wind resource dataset for the outer continental shelf off the coast of California and assessing the predictability of the uncertainty with WRF ensemble simulations.
- Responsibilities: Integration of Analog Ensemble as a method for uncertainty quantification for comparison with other machine-learning based methods and the deployment of Analog Ensemble on the NREL supercomputer, Eagle.

## Parallel Analog Ensemble

*The Power of Weather Analogs*

2017 - Present

- Sponsor: U.S. Army Geospatial Center
- Objectives: An efficient and scalable implementation of the Analog Ensemble technique for its flexible deployment on supercomputers and its convenient integration into research workflows.
- Responsibilities: Main developer and maintainer of the Analog Ensemble implementation. Current deliverables include a C++/R implementation of Analog Ensemble, *PAnEn* <sup>1</sup>, and its extension R module, *RAnEnExtra* <sup>2</sup>.

## Power of Many

*Co-Design of Scalable Cyberinfrastructure for Complex Ensemble Simulations*

2017 - 2020

- Sponsor: National Science Foundation of U.S.A.
- Co-developed with RADICAL team at Rutgers University
- Objectives: Designing an end-to-end solution for ensemble-based science problems that are robust, scalable, and extensible in sizes of ensembles, the computational requirement, and the computational platforms.
- Responsibilities: Python implementation and test of such a solution with Analog Ensemble for photovoltaic energy assessment on the NCAR supercomputer, Cheyenne.

## TEACHING EXPERIENCES

---

### Instructor

- GEOG 365, Introduction to GIS Programming Fall 2019
- GEOG 160 WEB, Mapping Our Changing World Spring 2020

### Guest Lecturer

- EMSC 100S, EMS First Year Seminar Fall 2020

### Mentor

- Jeremy Diaz, Ph.D. Student in Geography, PSU 2019 - 2020
- Alon Sidel, B.Sc. Candidate in Meteorology and Atmospheric Science, PSU 2019 - 2020
- Hanzhou Chen, M.Sc. Student in Geography, PSU 2018

## AWARDS AND HONORS

---

- Academic Enrichment Award from the Knight Fund in the Department of Geography. 2020
- Free Software Foundation Scholarship to attend LibrePlanet 2020, Boston, MA. 2020

- Ruby S. Miller Endowment for Geographic Excellence. 2019
- Research covered by Penn State News. [Link](#) 2019
- 2019 Open Science Grid User School Scholarship at Madison, WI. 2019
- Third place in the Penn State Graduate Exhibition poster competition, Physical Sciences & Mathematics section. [Link](#). 2019
- Research covered by Penn State News. [Link](#). 2018
- Ruby S. Miller Endowment for Geographic Excellence. [Link](#). 2018
- Sustainable Energy Fund for EnergyPath 2018. [Link](#). 2018
- 12th Annual Graduate Climate Conference Scholarship. [Link](#). 2018
- First place (out of 46) in 2018 Institute of CyberScience Symposium Student Poster Competition. 2018
- Research covered by Penn State News. [Link](#). 2017
- “Jiwei Era” Top 10 (out of 200) New Remote Sensing Star Award Nomination, Wuhan University. 2015
- First-class (1 out of 40) scholarship in Geoinformatics, Wuhan University. 2013, 2015

## CERTIFICATES

---

- Graduate Student Online Teaching Certificate. Penn State World Campus. [Link](#). 2019

## ACADEMIC SERVICES AND OUTREACH ACTIVITIES

---

- Program Chair, *SEA’s Improving Scientific Software Conference and Tutorials*. [Link](#). 2021
- Program Committee, *SEA’s Improving Scientific Software Conference and Tutorials*. [Link](#). 2020
- Research Intern, *Chinese Meteorological Administration*. Beijing, China. 2019
- Host: Dr. Kan Dai 2019
- Mentor, *Mentor-Mentee matching program in geography*. 2019
- Co-Chair, *GEOLab prospective graduate student selection committee*. 2018, 2019
- Liaison, *The Outstanding Student Awards program at AGU Fall Meetings*. 2018, 2019
- Visitor, *International Research Institute of Disaster Science*, Tohoku University. Japan. 2018
- Host: Dr. Shunichi Koshimura 2018
- Research Intern, *Foothills Laboratory at National Center of Atmospheric Research*. Boulder, CO. 2017, 2018
- Host: Dr. Guido Cervone 2017
- Student Representative, *Graduate student representative in Geography, Penn State*. 2017

## ACTIVE MEMBERSHIPS

---

- [American Geophysical Union](#) Since 2016
- [Free Software Foundation](#) Since 2019

State College, PA, U.S.A. - December 20, 2020
